Land Acknowledgment

The Population Health Innovation Lab team respectfully acknowledges that we live and operate on the unceded land of Indigenous peoples throughout the U.S.

We acknowledge the land and country we are on today as the traditional and treaty territory of the Native American, Alaska Native, and Tribal nations who have lived here and cared for the Land since time immemorial. We further acknowledge the role Native American, Alaska Native, and Tribal nations have today in taking care of these lands, as well as the sacrifices they have endured to survive to this day.
